**REQUEST FOR CERTIFICATE OF CORRECTION  
UNDER 37 CFR § 1.322**

Sir:

Applicants respectfully request that the enclosed Certificate of Correction be issued for the above-entitled patent to correct certain obvious textual errors pursuant to 37 CFR § 1.322. The location of mistakes in the printed patent are set forth in the attached Certificate of Correction. The mistakes originated with the U.S. Patent Office. Please see the enclosed copy of the application, Declaration and Filing Receipt. Nowhere in our papers was an indication made that the patent application is a Continuation of application No. 09/271,116, filed on March 17, 1999. We had stated in the application that the patent application is related to copending U.S. Patent Application Serial No. 09/271,116, filed March 17, 1999.

The proposed Certificate of Correction does not involve any changes that would materially affect the scope or meaning of the patent, as reflected in the patent

prosecution, and does not involve changes in the patent as would constitute new matter or would require re-examination.

The above-entitled patent is not, to the knowledge of the undersigned, involved in any interference.

Deleting the section "Related U.S. Application Data" as listed in the enclosed Certificate of Correction should be made to aforesaid patent, without charge to applicants, inasmuch as none of the mistakes set forth appear in the specification, as filed or amended, and therefore they are considered to be the result of mistakes incurred on the part of the Patent and Trademark Office.

In view of the foregoing, applicants respectfully request that the attached Certificate of Correction be issued.

Respectfully submitted,

By: Michele L. Conover
